

Unlawful Internet Gambling Enforcement Act (UIGEA) of 2006

The UIGEA, signed into law in 2006, prohibits any person engaged in the business of betting or wagering from knowingly accepting payments in connection with the participation of another person in unlawful internet gambling. The Department of Treasury and the Federal Reserve Board have issued a joint final rule, Regulation GG, to implement this Act.

As defined in Regulation GG, unlawful internet gambling means to "place, receive or otherwise knowingly transmit a bet or wager by any means which involves the use, at least in part, of the internet where such bet or wager is unlawful under any applicable Federal or State law in the State or Tribal lands in which the bet or wager is initiated, received or otherwise made".

Bank of Cleveland has developed policies and procedures concerning internet gambling transactions. Bank of Cleveland will not conduct or transact business with or for any business account holder participating in legal or unlawful internet gambling transactions.
